Senior Product Manager | B2B SaaS workflows

SUMMARY

PM bridging customers, design, and engineering for workflow products. Comfortable with SQL and messy enterprise discovery.

EXPERIENCE

Senior Product Manager - Workflowly, Chicago

2021 - Present

- Launched approvals v2; increased weekly active teams 28%.
- Ran discovery with 35 enterprise admins; set the H1 roadmap from that work.
- Cut time-to-first-approval 19% by killing a mandatory CC step nobody used.

Consultant - Accenture

2017 - 2021

- Led process redesign for a Fortune 500 ops team.
- Built a staffing model in SQL that the client still ran a year later.

EDUCATION

Northwestern - MBA

University of Illinois - B.S. Industrial Engineering
